2.1.1 Durante il periodo di validità del contratto, qualsiasi APC per un Articolo Idoneo sarà detratto da parte dell'Editore dal Fondo APC, alla data in cui l'Autore Avente Diritto è identificato come Autore Affiliato dall'Istituzione. L'APC per qualsiasi articolo inviato all'Editore da parte di un Autore Affiliato, che non sia un Articolo Idoneo, non verrà detratto dal Fondo APC e verrà addebitato separatamente secondo la procedura standard dell'Editore.

During the Term, any APC for an Eligible Article shall be deducted by the Publisher from the APC Fund, upon the date when the Eligible Author is identified as an Affiliated Author by the Institution. The APC for any article submitted to the Publisher from an Affiliated Author, which is not an Eligible Article, will not be deducted from the APC Fund and will be charged separately under the Publisher's standard process.

2.1.2 Il numero di Articoli Idonei indicato nei rapporti trimestrali di cui alla Sezione 2.1.3 sarà determinato in base alla data in cui l'Addebito per la Lavorazione dell'Articolo è stato detratto dal Fondo APC.

The number of Eligible Articles as set forth in the quarterly reports as per Section 2.1.3 will be determined by the date on which the relevant Article Processing Charge was deducted from the APC Fund.

2.1.3 L'Editore informerà CRUI, su base trimestrale, di quanti Articoli Idonei sono stati accettati e approvati dalle Istituzioni e della misura in cui le Istituzioni hanno verificato che l'autore è un Autore Avente Diritto ai sensi delle presenti Condizioni Contrattuali del Prodotto.

The Publisher will report to CRUI on a quarterly basis how many Eligible Articles have been accepted and approved by Institutions and in which regard the Institutions has verified that the author is an Eligible Author pursuant to these Product Terms.

2.1.4 L'Editore trasmetterà a CRUI un avviso per il caso in cui il numero di Articoli Idonei ("Numero Massimo di Articoli") venga raggiunto. L'Editore si impegna a inviare il suddetto avviso approssimativamente 6 settimane prima che il numero di Articoli Idonei ("Numero Massimo di Articoli") venga raggiunto. La data in cui viene l'avviso viene inviato è la "Data di Avviso di Ricarica".

The Publisher shall notify CRUI when the number of Eligible Articles ("Article Max") is reached. The Publisher shall endeavor to submit such notification approximately 6 weeks before the number of Eligible Articles ("Article Max") is reached, the date on which such notice is sent, being the "Top Up Notice Date".

2.1.5 Quando il numero di Articoli Idonei ("Numero Massimo di Articoli") viene raggiunto, l'Editore ne darà avviso a CRUI e:

- a) CRUI potrà, entro 25 giorni di calendario dalla Data di Avviso di Ricarica, scegliere di pagare un Fondo APC addizionale ("Fondo APC di Ricarica"), come indicato nell'Allegato 4 - sezione Tariffe APC. L'eventuale Fondo APC di Ricarica rimanente alla fine di un anno solare durante il periodo di efficacia del contratto verrà accreditato a CRUI l'anno successivo;

- b) nel caso in cui CRUI non abbia dato avviso all'Editore secondo quanto previsto nella sezione 2.1.5 a), ove il numero di Articoli Idonei abbia raggiunto il Numero Massimo di Articoli, l'Editore smetterà di accettare Articoli Idonei per la pubblicazione in open access secondo quanto previsto dalle presenti Condizioni Contrattuali del Prodotto. Qualora un Autore Avente Diritto contatti l'Editore manifestando l'intenzione di pubblicare un articolo e di provvedere, per proprio conto o tramite un soggetto terzo, al pagamento dell'addebito per la lavorazione dell'articolo al prezzo di listino, l'Editore si riserva il diritto di pubblicare tale articolo; ovvero
- c) qualora non si applichino le Sezioni 2.1.5 a) o 2.1.5 b), l'Articolo Idoneo potrà essere pubblicato in base a un abbonamento.

When the number of Eligible Articles ("Article Max") is reached, Publisher will notify CRUI and either:

- a) CRUI may, within 25 calendar days of the Top Up Notice Date, elect to pay an additional APC Fund ("Top Up APC Fund") as specified in Appendix 4 - section APC Rates. Any Top Up APC Fund remaining at the end of a calendar year of a Term will be credited to CRUI in the following year;
- b) where CRUI has not notified the Publisher according to Section 2.1.5 a), when the number of Eligible Articles has reached the Article Max, the Publisher will stop accepting Eligible Articles for open access publication pursuant to these Product Terms, and if an Eligible Author approaches the Publisher with the desire to publish an article and pay the list price article processing charge by himself/herself or by a third party, the Publisher reserves the right to publish such article; or
- c) if Sections 2.1.5 a) or 2.1.5 b) do not apply, the Eligible Article may be published on a subscription basis.

- 2.1.6 L'Editore utilizzerà ORCID (<http://orcid.org/>), se disponibile nell'ambito della rivista pertinente, per tutto il flusso di lavoro dalla presentazione alla pubblicazione e includerà l'ID ORCID degli Autori Aventi Diritto negli Articoli Idonei e tramite servizi di Abstracting & Indexing (A&I), CrossRef e altri servizi di ricerca. È responsabilità degli Autori Aventi Diritto fornire tutti i dettagli necessari rispetto al proprio ID ORCID all'Editore. Questa sezione non si applica alle Riviste Non-Standard.

The Publisher will use ORCID (<http://orcid.org/>), when available at the relevant journal, throughout the workflow from submission to publication and include Eligible Authors' ORCID ID in Eligible Articles and via Abstracting & Indexing (A&I) services, CrossRef and other discovery services. It is the Eligible Author's responsibility to provide all necessary details in respect of his/her ORCID ID to the Publisher. This Section does not apply to Non-Standard Journals.

- 2.1.7 L'Editore si atterrà all'ultima versione delle pratiche suggerite da NISO per gli indicatori di accesso e di licenza (<https://www.niso.org/standards-committees/access-and-license-indicators>), incluse a titolo esemplificativo le linee guida riguardanti i campi di metadati `free_to_read` e `license_reference` e quelle riguardanti i meccanismi per la distribuzione dei metadati.

The Publisher will comply with the last version of NISO's Recommended Practice on Access and Licensing Indicators (<https://www.niso.org/standards-committees/access-and-license-indicators>), including, but not limited to, guidance regarding `free_to_read` and `license_reference` metadata fields and regarding mechanisms for distributing metadata.

- 2.1.8 Le parti convengono che l'Autore Avente Diritto manterrà la titolarità del diritto d'autore sull'Articolo Idoneo pubblicato ai sensi del presente contratto; ciò tuttavia potrebbe non trovare applicazione a) ove l'Articolo Idoneo sia pubblicato in una Rivista Non-Standard, e/o b) se richiesto dall'autore, e/o altrimenti se richiesto dalla legge o da terzi (come per esempio enti finanziatori).

The parties agree that the Eligible Author shall retain its ownership in the copyright to the Eligible Article published pursuant to this contract, this however may not apply in case a) the Eligible Article is published in a Non-Standard Journal, and/or b) if requested by the author, and/or otherwise required by law or third parties (such as funding bodies).

- 2.1.9 Gli Articoli Idonei pubblicati ai sensi del presente contratto saranno ospitati dall'Editore allo stesso modo dei Prodotti Sottoscritti concessi in licenza ai sensi del presente Accordo di Licenza. Tuttavia, quanto sopra non deve essere considerato come limitativo o restrittivo dei termini di licenza in open access in base ai quali gli Articoli Idonei sono pubblicati.

The Eligible Articles published under this contract will be hosted by Publisher in the same manner as Subscribed Products licensed under this License Agreement. However, the forgoing sentences shall not be deemed to limit or restrict the open access license terms under which the Eligible Articles are published.

- 2.1.10 Una volta che un Articolo Idoneo sia stato pubblicato in una Rivista Open Choice, l'Editore garantisce espressamente la sua continua disponibilità, per tutto il periodo di efficacia del presente Contratto, nei termini e alle condizioni di cui alla Sezione 4.2 del Contratto stesso.

Once an Eligible Article has been published in an Open Choice Journal, the Publisher expressly guarantees its continuous availability, during the Term of this contract, in the terms and under the conditions set forth in Section 4.2 of this contract.

- 2.1.11 Qualora il numero totale delle Riviste Open Choice sia a) ridotto in misura uguale o superiore al 5% rispetto alla lista dei titoli Open Choice del precedente anno di efficacia del presente Contratto, e/o b) le Riviste Open Choice rimosse rappresentavano più del 5% degli Articoli Idonei che, nell'anno in questione, erano stati pubblicati nelle Riviste Open Choice rimosse, e c) in base a una valutazione equa e obiettiva, le nuove Riviste Open Choice aggiunte non siano sufficienti a rimpiazzare i titoli Open Choice rimossi, il CRUI e l'Editore potranno concordare di rinegoziare il Fondo APC per il successivo anno di efficacia del presente Contratto. Se, nel corso del Periodo di validità del contratto, il 5% delle riviste su cui hanno pubblicato gli Autori Avente Diritto delle Istituzioni aderenti, diventeranno riviste completamente OA e l'Editore in quel momento non sarà tecnicamente in grado di integrare tali riviste nel presente contratto, il contratto avrà termine dopo trenta (30) giorni dal ricevimento della notifica da parte di CRUI.

If the total number of Open Choice Journal titles is a) reduced by 5% or more compared to the title list of the respective previous year of the Term, and/or b) the removed Open Choice Journal titles represented more than 5% of the Eligible Articles which, within the respective year, had been published in the removed Open Choice Journal titles, and c) by a fair and objective assessment, newly added Open Choice Journals will not be sufficient to replace the removed Open Choice Journal titles, CRUI and Publisher may mutually agree to a re-negotiated APC Fund for the following calendar years of the Term. If, during the Term of the contract, 5% of the journals on which the Eligible Authors of the participating Institutions have published, become fully OA journals and the Publisher at that time will not be technically able to integrate these journals into this contract, the contract will be terminated after thirty (30) days from the receipt of the notice from CRUI.

- 2.1.12 Qualora l'Editore, per qualsiasi motivo esclusivamente imputabile all'Editore stesso, cessi le Pubblicazioni durante il termine di efficacia del presente Contratto, o non sia in grado di dare corso alle Pubblicazioni ai sensi del presente Allegato n. 7 durante il termine di efficacia del presente Contratto, così da non mettere CRUI nelle condizioni di pubblicare tutti gli Articoli Idonei come previsto nel Fondo APC fino alla fine del termine di efficacia del presente Contratto, l'Editore rimborserà, su richiesta scritta della CRUI, qualsiasi Fondo APC inutilizzato a CRUI.

In the event that Publisher, for whatever reason exclusively attributable to the Publisher, would cease the Publications during the Term, or would not be able to publish the Publications under the terms of this Appendix no. 7 during the Term, resulting in CRUI not being able to publish all Eligible Articles as provided for in the APC Fund until the end of the Term, Publisher will refund, upon written request of CRUI, any unused APC Fund to CRUI.

2.2 Indipendenza editoriale Editorial Independence

- 2.2.1 Nulla di quanto qui previsto potrà obbligare i soggetti responsabili delle decisioni editoriali di una determinata rivista o un qualunque soggetto terzo ad accettare o pubblicare un qualsivoglia articolo inviato all'Editore da parte di un Autore Avente Diritto. CRUI e le Istituzioni riconoscono che la selezione del materiale accettato e pubblicato dall'Editore o da un soggetto terzo che controlla il processo di pubblicazione rientra interamente nella

discrezionalità dei soggetti responsabili delle decisioni editoriali della rivista in questione. CRUI e le Istituzioni rinunciano a qualsiasi pretesa nei confronti dell'Editore, dei soggetti responsabili delle decisioni editoriali della rivista rilevante o di terzi nel caso in cui i summenzionati soggetti responsabili delle decisioni editoriali della rivista rilevante o i suddetti terzi rifiutino di pubblicare un qualsivoglia materiale (o parte di esso) presentato da un Autore Avente Diritto (i.e. un articolo che non sia un Articolo idoneo).

Nothing herein contained shall oblige the individual(s) at the relevant journal responsible for editorial decisions of the relevant journal or any third party to accept or publish any article submitted to the Publisher by an Eligible Author. CRUI and the Institutions acknowledge that the selection of material to be accepted and published by the Publisher or a third party in control of the publishing process is entirely at the discretion of the individual(s) at the relevant journal responsible for editorial decisions of the relevant journal. CRUI and the Institutions waive any claim they may have against the Publisher, individual(s) at the relevant journal responsible for editorial decisions of the relevant journal, or any third party in the event that the individual(s) at the relevant journal responsible for editorial decisions of the relevant journal or said third party refuses or declines to publish any material (or part thereof) submitted by an Eligible Author (i.e. an article which is not an Eligible Article).

2.2.2 Processo per l'identificazione degli Autori Affiliati:

Process for identification of Affiliated Authors:

- 2.2.2.1 L'Editore fornirà i mezzi tecnici per l'identificazione degli Autori Affiliati come parte del processo di pubblicazione, che verrà abilitato dall'Editore sulla Piattaforma di quest'ultimo. Tuttavia, è specifica responsabilità dell'Istituzione fornire i parametri per l'identificazione degli Autori Affiliati e aggiornare l'Editore di qualsiasi modifica a tali parametri non appena ciò sia ragionevolmente possibile.

Publisher will provide the technical means for the identification of Affiliated Authors as part of the publication process, which will be enabled by Publisher on Publisher's Platforms. However it is the Institution's responsibility to provide the parameters for identification of Affiliated Authors and shall update the Publisher of any changes in those parameters as soon as reasonably practicable.

- 2.2.2.2 Per quanto riguarda la pubblicazione in una qualunque Rivista Open Choice (che non sia una Rivista Non-Standard), gli Autori Affiliati dovranno identificarsi fornendo il nome della loro istituzione, utilizzando il loro dominio e-mail istituzionale o tramite riconoscimento dell'indirizzo IP nell'ambito del processo di identificazione.

With respect to publication in any Open Choice Journal (which is not a Non-Standard Journal), Affiliated Authors shall identify themselves by providing either their institution name or using their e-mail domain or by IP address recognition within the identification process.

- 2.2.2.3 Ogni Rivista Non-Standard può avere un diverso processo per l'identificazione degli Autori Affiliati.

Each Non-Standard Journal may have a different process for identification of Affiliated Authors.

- 2.2.2.4 A scanso di equivoci, gli Autori Aveni Diritto hanno la possibilità di pubblicare Articoli Idonei con una Licenza Open Access o con una licenza di pubblicazione standard (i.e. sulla base di un abbonamento).

For the avoidance of doubt, Eligible Authors have the options to publish Eligible Articles under an Open Access License, or a standard license to publish (i.e on subscription basis).

- 2.2.2.5 Se un Autore Affiliato non si identifica in modo appropriato e successivamente pubblica un articolo sulla base di un abbonamento, l'Editore non è tenuto a convertire l'articolo in modo tale che venga rilasciato in base a una Licenza Open Access.

If an Affiliated Author does not appropriately identify themselves and then publishes such article on a subscription basis, the Publisher shall not be required to then convert the article so that it is released pursuant to an Open Access License.

- 2.2.2.6 Nel corso del periodo di efficacia del contratto, qualora l'Editore non identifichi gli autori come Autori Affiliati nonostante questi abbiano correttamente fornito i parametri per l'identificazione come

specificati nella Sezione 2.2.2, e l'Editore pubblichino successivamente un loro articolo sulla base di un abbonamento, quest'ultimo sarà responsabile della conversione dell'articolo in modo tale che esso sia pubblicato in base a una Licenza Open Access, se richiesto dall'autore e previa verifica da parte dell'Istituzione che l'autore sia effettivamente un Autore Affiliato. In tal caso, l'APC sarà detratto dal Fondo APC.

During the Term, if Publisher fails to identify authors as Affiliated Authors despite the author correctly providing the identification parameters as specified in Section 2.2.2 and then Publisher publishes their article on a subscription basis, the Publisher shall be responsible to revert the article so that it is published pursuant to the Open Access License, if requested by the author and upon verification by the Institution that the author is in fact an Affiliated Author. In such case, the APC will be deducted from the APC Fund.

- 2.2.3 L'Editore darà avviso all'Istituzione tramite email ogni qual volta un autore è identificato come Autore Affiliato.

The Publisher shall notify the Institution by email each time an author is identified as an Affiliated Author.

- 2.2.4 Sulla base dei parametri specificati nella Sezione 2.2.2, l'Istituzione dovrà confermare o negare che l'autore sia un Autore Affiliato, secondo quanto previsto dall'Editore, entro 3 giorni lavorativi dall'avviso sopra indicato e, in caso di conferma, si riterrà che abbia ordinato la Pubblicazione per il corrispondente Articolo Idoneo. Per chiarezza, l'Istituzione è effettivamente tenuta a confermare che l'autore è un Autore Affiliato, ove siano soddisfatte le condizioni previste dal presente contratto. Nel caso in cui l'Editore non riceva una conferma o un diniego entro 3 giorni lavorativi dopo che l'Editore ha fornito all'Istituzione l'avviso e i parametri specificati dalla Sezione 2.2.2, l'Editore invierà un promemoria, con un periodo di tolleranza di 4 giorni ("Periodo di Tolleranza"), con il quale informerà l'Istituzione che l'Editore riterrà l'autore un Autore Affiliato e darà corso alla Pubblicazione laddove il periodo di tolleranza sopra indicato scada senza alcuna dichiarazione da parte dell'Istituzione. L'Istituzione può richiedere una ragionevole estensione del Periodo di Tolleranza, non superiore a 5 giorni lavorativi, nel caso in cui l'Istituzione stessa non possa materialmente verificare che l'autore sia un Autore Affiliato.

On the basis of the parameters specified in Section 2.2.2, the Institution shall confirm or deny that the author is an Affiliated Author, as provided by the Publisher, within 3 business days following such notification, and in the case of confirmation, shall be deemed to have ordered the Publication for the respective Eligible Article. For clarity, the Institution is required to confirm that an author is an Affiliated Author, if the conditions set forth in this contract are met. In case Publisher does not receive either a confirmation or a denial within 3 business days after Publisher has notified and provided the parameters specified in Section 2.2.2 to Institution, Publisher will send a reminder, with a 4- day grace period ("Grace Period"), which shall inform Institution that Publisher will deem the author to be an Affiliated Author and continue the Publication if the set grace period expires without any declaration by Institution. The Institution may request a reasonable extension of the Grace Period, but not more than 5 business days, in case the Institution cannot verify that the author is an Affiliated Author for material reasons.

- 2.2.5 Periodicamente, l'Editore ha diritto di rivedere il processo di verifica e di adottare parametri aggiuntivi nel processo di identificazione sopra descritto al fine di migliorare il processo per gli Autori Avenenti Diritto. L'Editore fornirà avviso scritto a CRUI in caso di eventuali modifiche del processo. A scanso di equivoci, Springer Nature non modificherà le obbligazioni contrattuali esistenti senza il consenso di CRUI.

Periodically, the Publisher shall be entitled to revise the identification and verification process described above in order to improve the process for Eligible Authors. The Publisher shall notify the CRUI in writing of any such changes to the process. For the avoidance of doubt, Springer Nature will not change existing contractual obligations without consent with CRUI.

- 2.2.6 Salvo che sia diversamente indicato nella presente Sezione, tutte le comunicazioni specificate nella Sezione 2.2 dovranno essere effettuate attraverso il Sistema di Approvazione degli Articoli. In casi eccezionali, le comunicazioni potranno anche essere inoltrate mediante altri mezzi (come le e-mail). Questa Sezione non si applica alle Riviste Non-Standard.

Except as otherwise stated in this Section, all communications specified in Section 2.2 shall be made through the Article Approval System. In exceptional cases, communications may also be made via other means (such as e-mail). This Section does not apply to Non-Standard Journals.
